# Welcome

We want to welcome you to the Golden Triangle, which includes the villages of Minster, New Bremen and New Knoxville, Ohio. These communities represent the picture of small town America and all there is to love in a small community.

Whether you are a resident, visitor, or a prospective new business we invite you to flip through the pages and get a glimpse of what the Golden Triangle has to offer. It takes people who care and who love our communities in the Golden Triangle, to invest, participate in improving it, and being engaged in all manner of community progress and life. This passion translates to a better quality of life.

Again, we welcome you to our communities where we feel make great places to live, work and play.

## CHAMBER OF COMMERCE

Since 1998 the Southwestern Auglaize County Chamber of Commerce proudly serves businesses, organizations, and people in the Golden Triangle. The chamber gains strong support from the village councils, school boards, businesses, and citizens of the area.

The chamber is a voluntary partnership of businesses and professional people working together with community leaders to build a healthy local economy and contribute to the success of local endeavors.

The chamber is a busy office and a valuable resource for residents, as well as a visitor center for those just passing through our area. The Chamber acts as a clearing house of information pertaining to our area: business referrals, local event details, tourist information and directions, and general inquiries. We are friendly and serve our local communities.

### MISSION STATEMENT

The Mission of the Southwestern Auglaize County Chamber of Commerce is to foster cooperation within the communities of Minster, New Bremen, and New Knoxville-actively working to promote the growth of our businesses, support our citizens through local activities, and enhance the quality of life in each community. The chamber strives to accomplish its mission through active involvement in community affairs, economic development, and providing

educational and networking events for chamber members. The chamber is a unifying force with the communities it serves by uniting businesses, government officials, civic leaders and community members.

Chamber members enjoy the amenities of their membership such as discounts on group health insurance and dental care, workers' compensation premiums, bulk mail, and bank card processing. Chamber members can also take advantage of low-cost photocopying, the chamber newsletter, and many promotional opportunities.

We also offer our VALU Class. This class is county wide and conducted by Southwestern Auglaize County, Wapakoneta Area Chamber, and St. Marys Chamber in Auglaize County. The three chambers combine to make this class a successful opportunity, and provide people with a greater understanding of county operations and services along with professional growth experiences to serve their members.

Supporting the retail community is provided for through annual campaigns and special shopping events, group advertising programs, and the sale of chamber gift certificates.

We offer chamber memberships to businesses, community service groups, and individuals who want to play an important role in our community development.

# NEW BREMEN LOCKKEEPERS HOUSE

The original lockkeeper's house was burned down as a fire exercise in 1968. Today, it has been reconstructed in its original location to once again be a focal point in the Golden Triangle of Auglaize County. It is the current office of the Southwestern Auglaize County Chamber of Commerce and The New Bremen Foundation. It welcomes travelers and visitors, as they pass through our community or take a stroll along the Miami-Erie Canal. The cost of the building was \$630,000, funded by an Ohio Department of Transportation enhancement grant of \$500,000 and the remaining \$130,000 provided by the New Bremen Historic Association.

The Lockkeepers House was the residence of the lockkeeper and his family. He was on duty 24 hours a day, seven days a week, and was responsible for operating the lock as needed to keep boats moving along through the canal. The lock tender manually opened and closed the large wooden gates by pushing on the huge handles of the 7,000-pound gates.

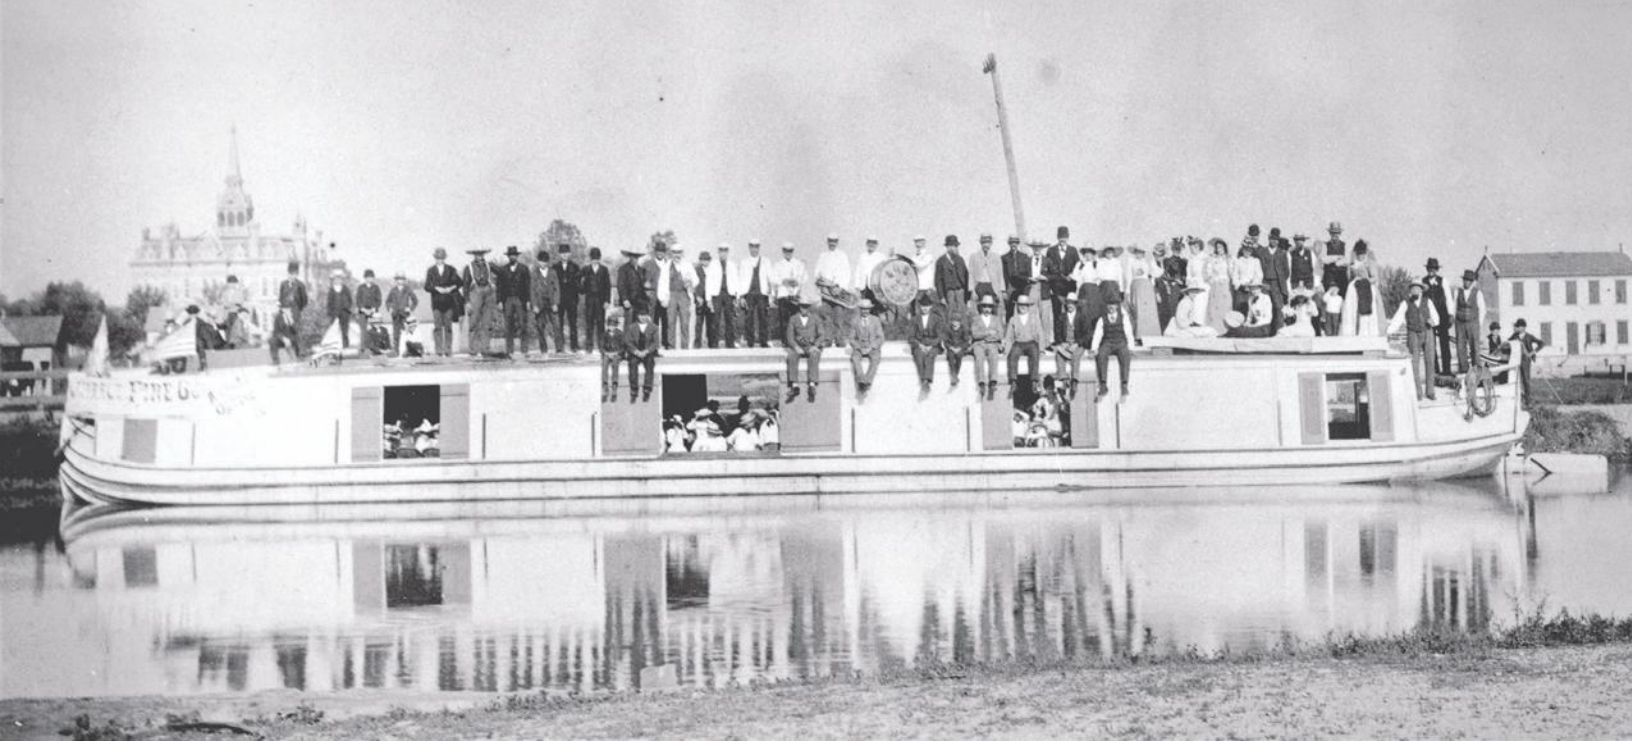

Great care was taken in the restoration of the current building to maintain the integrity of the original structure. The concrete was poured using forms specifically designed to replicate a look of wooden planks to give the appearance of the original construction. The anchoring irons on the south side are original pieces. All other metal work was fabricated using traditional techniques that would have been used in the original construction.

During demolition of the deteriorated lock, the original footers were found to be in such excellent condition that they were able to be reused in this project. This is the third lock on the Miami Erie Canal to use original footers in its reconstruction.

Lock One North is 15 feet wide, 90 feet long and 20 feet deep. The gates are constructed of white oak which was readily available at the time and which provides strength and resistance to deterioration by water. Each gate weighs 7,000 pounds and are 22 feet in length. Concrete lock currently near Lock One was salvaged from the original and shows "rope burns" from where the ropes that were used to tow the boat would scrape along the lock.

New Bremen prospered because of the canal which supplied jobs during construction and provided businesses and farmers a means of transporting their products to market economically. Mills and lumber companies in New Bremen were powered by canal water and ice companies obtained their ice from the ponds and white water associated with the canal when the canal was frozen over and could not be used for transport. New Bremen had five hotels and ten saloons which were built to accommodate canal boat passengers. At the height of its use in 1850, an estimated 400 boats regularly traveled the canal between Toledo and Cincinnati.

## A TRADITION OF EXCELLENCE

For more than a century and a half southwestern Auglaize County has been an excellent place to call home. During the 1830s the first German immigrants began to build their towns at Minster (1832), New Bremen (1833) and New Knoxville (1836).

Within a generation they turned a wilderness into successful farming communities. In 1848 the completion of the Miami-Erie Canal between Cincinnati and Toledo

brought prosperity to the region. Surplus grain and hogs were shipped out on the canal and manufactured goods came in to the communities.

By the end of the 19th century a number of local industries were thriving in the area. There were flour mills, breweries, tanneries, tile kilns and pork packers. Local plants were making barrels, furniture, farm plows and machine presses. Today these industrial roots have grown into dozens of companies with reputations for quality known around the world.

Since the arrival of those first German immigrants in the 1830s, Minster, New Bremen and New Knoxville have grown and prospered. The legacy of those German pioneers—strong faith, hard work and a dedication to excellence—continues today, making these communities truly The Golden Triangle of Auglaize County.

Within a generation they turned a wilderness into successful farming communities. In 1848 the completion of the Miami-Erie Canal between Cincinnati and Toledo brought prosperity to the region. Surplus grain and hogs were shipped out on the canal and manufactured goods came in to the communities.

# THE VILLAGE OF MINSTER

The Village of Minster is set in beautiful rural Auglaize County, Ohio, yet lies within easy reach of several metropolitan areas. Minster, Ohio is a wonderful place to explore or take permanent residence.

## GOVERNMENT

The Village of Minster is a statutory form of government with an elected Mayor, six Council members and an appointed Fiscal Officer. The village is managed by an appointed Village Administrator. The Planning Commission, Zoning Board of Appeals, Community Improvement Corporation and Shade Tree Commission are also active in local government business.

While the government, with its elected officials, is responsible for the overall operation of the local community, there are many Village boards, committees and commissions comprised of appointed, civic-minded community members that all play a vital role in continuing to make Minster a great place to live or do business.

## MUNICIPAL

The Village of Minster prides itself on providing valuable municipal services to all sectors of our community. The village continuously seeks ways to enhance our local utility services. Presently, the Village provides water, sewer, electric and refuse collection services to local residents and businesses. Local customers have various options for cable, internet, telephone and natural gas services.

## RESIDENTS

There are plenty of reasons why Minster is such an attractive community. The Village offers the ease of small town living, modern schools and nearby medical facilities with the conveniences of big city life. Minster, Ohio is a wonderful place to take permanent residence!

## VISITORS

Stop in any time! Spend a few hours, a day or a weekend in our little corner of the world. Visitors to our area will find that Minster has welcoming, locally owned retail, service and food establishments. We also have incredible year-round recreational facilities right here in Minster! We would be remiss if we didn't extend to you an invitation to our annual Oktoberfest celebration. Visit us the first weekend that contains a date in October and experience the enthusiastic Minster community pride!

Interested in touring the region? Be sure to check out the Greater Grand Lake Visitor's Region at [www.seemore.org](http://www.seemore.org). Come enjoy the countless activities available in Minster!

## ECONOMIC DEVELOPMENT

The Village of Minster exceeds expectations when it comes to workforce. Much of the local workforce was brought up with an agricultural connection and acquired the work ethic involved in running a prosperous farm. The end result—Minster area residents believe in quality and hard work! The labor force of Auglaize and neighboring Shelby and Mercer counties, based on place of residence, exceeds 60,000 people; within a 30 mile radius this number increases to approximately 149,000. The unemployment rate in Auglaize County is currently lower than the rate in the State of Ohio.

# THE VILLAGE OF NEW BREMEN

Life along the Miami-Erie Canal has given New Bremen a rich and colorful history. In the early days, canal boats made the west central community a regular stop for trade and commerce. Since the days of the canal boats, New Bremen has continued to progress. The growth of new homes, new shopping areas, and a modern industrial park shows that New Bremen is an ideal place for people and business.

The Village of New Bremen is pro-business and has a strong commitment to promoting growth and prosperity in the community. We are proud to be the headquarters of Crown Equipment Corporation, a global leader in the material handling industry, as well as home to several other companies who compete domestically and globally. New Bremen's workforce outnumbers our village population by 56%, providing an active city scene by day, village by night aspect.

Living in New Bremen means enjoying the things that only a small town can offer — a tight-knit community, friendly neighbors, safe streets and plenty of green space. You gain all of this along with the opportunities you normally expect from a much larger city, such as exciting careers, a thriving art and cultural scene and a host of activities to keep you entertained and active. There are many local and regional organizations which all contribute to making New Bremen a quality community.

## EXPLORE THE GREAT OUTDOORS IN NEW BREMEN

New Bremen is nestled in the heart of scenic Ohio farmland, with plenty of open spaces where outdoor enthusiasts can enjoy fresh air and sunshine.

Do you love the outdoors? Spend your afternoon enjoying the sights and sounds along the Miami-Erie Trail or the Kuenning Dicke Natural Area. Challenge yourself at the pool, tennis/pickleball courts, disc golf, basketball courts or on the canal path. The canal path is ideal for walking, running or biking.

The perfect park awaits you and your family in New Bremen!

## MIAMI AND ERIE TRAIL

The Miami and Erie Trail, a linear park, extends from Lock One south along the canal to the south corporation limits. The trail is built upon the towpath of the historic canal and runs the entire way through the village. The trail, which is part of the Heritage Trail System, continues for 2 miles towards the Village of Minster.

## **KUENNING-DICKE NATURAL AREA**

Located along the historic Miami and Erie Canal between Lock One and the former site of Lock Two, Kuenning Dicke Natural Area offers 71 acres of wildlife protection and a peaceful site for outdoor recreation.

KDNA hosts 2.5 miles of trails for walking, running, hiking and biking.

A 3-acre lake provides ample opportunity for catch-and-release fishing, while the primitive campsite is the perfect resting spot for backpackers and cyclists. The park is also home to several small memorials that honor American veterans of wars and conflicts.

## **BREMENFEST PARK**

The park features baseball diamonds, tennis courts, basketball courts, pickleball court, disc golf, shelter houses, restrooms, swimming pool, traditional playground area and a fully accessible playground, as well as White Mountain sledding hill for wintertime fun.

Located adjacent to the standard playground equipment is Sunshine Playground, a fully accessible playground featuring a rubber surface, ramps, wide walkways and special swings. Sunshine Playground is the only 100% ADA-certified playground located in Auglaize County.

This inclusive environment allows for a family to meet the needs of their entire family. Children can play at their physical capability levels while remaining together.

## **KOMMINSK LEGACY PARK**

One of the newest additions to the New Bremen parks scene is Komminsk Legacy Park. It's an interactive art park that draws visitors from all over the region to interact, explore and participate in a way that traditional parks do not allow.

One of the most popular features is the splash pad, which is open to the public from 8 a.m. to 8 p.m. during the months of May-September (the exact day of opening and closing is weather dependent). Komminsk Legacy Park features an embankment slide, splash pad, sunshade structure by Tork Werks, amphitheater seating and a commissioned lion sculpture.

## **SHOPPING & RESTAURANTS**

Whether you visit our downtown or The Amsterdam Center, you will find a variety of retail and service businesses which supply basic needs and specialty goods and services as well. And when you don't want to cook, there are several opportunities for dining out—from the casual to more sophisticated.

# THE VILLAGE OF NEW KNOXVILLE

Nestled in southern Auglaize County, New Knoxville is located at the intersection of State Routes 29 & 219, and is just minutes from Interstate 75. These highways allow one to travel to/from Chicago, Illinois; Frankfort, Kentucky; Charleston, West Virginia; or Erie, Pennsylvania in less than 5 hours. Whether traveling by car or air, our community is easily accessible. Dayton International Airport is within an hour drive, while Port Columbus International Airport, Toledo Express Airport, and Ft. Wayne International Airport can all be reached in less than 2 hours.

## NEIL ARMSTRONG AIRPORT

Just outside the village is The Auglaize County Neil Armstrong Airport which is an important part of our community. It is located adjacent to the Village of New Knoxville's industrial park, and can accommodate all general aviation aircraft, and provide a link for travelers and goods coming into our community from around the world. The airport's 5,650' runway is suitable for all kinds of aircraft including corporate jets. The airport is named after Neil Armstrong, the first man on the moon, who grew up in nearby Wapakoneta, Ohio.

## EDUCATION

As in many small towns, our local school is the heart of the community, and one we take great pride in. New Knoxville Schools are rated "excellent" by the Ohio Department of Education, with attendance and graduation rates above 98%. The community's commitment to the school is reflected in its renovations and upkeep.

## UNIVERSITIES & COLLEGES

- Wright State – Lake Campus (20 min.)
- OSU – Lima (36 min.), Rhodes State College (37 min.)
- University of Northwestern Ohio (39 min.)
- University of Dayton (1 hr. 6 min.)

## NEW KNOXVILLE HERITAGE

Our village reflects our strong German heritage—in our architecture, community spirit, and work ethic. These qualities, combined with our reliable, highly competitive rates for electric, water, and sewer services can save substantial dollars. We even have a diesel powered electric peaking generator to help avoid excessive electricity charges.

## INDUSTRIES

### CROWN

Crown, headquartered in nearby New Bremen, located its motor plant facility in New Knoxville in 1983. This facility is where AC and DC motors are made for Crown lift trucks.

### NKTELCO

# HEALTH CARE

With compassionate care and high skilled hands, Grand Lake Health System has been providing area residents with the finest quality medical care for over half a century. Grand Lake Health System is a mission-driven non-profit healthcare provider serving residents of the Grand Lake Region of West Central Ohio since 1953. From multiple centers of excellence and affiliated practices throughout the region, including Joint Township District Memorial Hospital in St. Marys, we focus on creating personalized care experiences that emphasize communication, education, wellness, and prevention to improve the health and quality of life of our families, friends, and neighbors living in the communities we serve.

The anchor facility of Grand Lake Health System – Joint Township District Memorial Hospital – is a full-service comprehensive care facility right here in the community. As a person-first hospital, part of our responsibility is making sure you know that you can feel good about choosing us to take care of you and your family. Recognition for quality and excellence from national ratings organizations sets us apart from other hospitals and healthcare providers in the region and demonstrates our ongoing commitment to your health and well-being. With the expansion of state-of-the-art facilities, development of programs utilizing advanced technologies, and comprehensive services designed to meet you and your family's evolving medical needs, we're continuing our commitment to the health of the residents of the Grand Lake region.

Proudly committed to serving the community with compassionate care, advanced technology, and exceptional expertise, Grand Lake Health System offers a comprehensive range of primary, acute, preventative, and therapeutic health services to residents of the Grand Lake region.

With two offices located on State Route 66, we are within easy reach of you and your family, serving the healthcare needs of the region. We are NCQA Accredited – Patient Centered Medical Home.

The Miami & Erie Medical Center offers a full service laboratory with walk-in availability, medical imaging, disease management, minor surgery procedures, EKG, same day access for acute care, and immunizations. Our family focused, experienced staff includes: Dr. Olubokola Adelola; Dr. James Luedeke; Dr. Sarah Werner; and Sara Hess, APRN-CNP.

As part of Grand Lake Health System's commitment to providing you with the best healthcare, we feature convenient hours and caring professionals who are ready to serve your unique healthcare needs.

# SPEEDWAY LANES

## BUSINESS OF THE

A little history about Speedway Lanes. It was built in 1957 by Ray and Irene Sanders as an 8-lane bowling alley (Ray Ann Lanes) with room for 4 more lanes, which were added in 1964. In 1993, Brian Alig and Tom Howell purchased Ray Ann Lanes and renamed it Speedway Lanes, after the New Bremen Speedway. In 2014, me and my wife Steph became sole proprietors of Speedway Lanes. In July of 2023, we will be celebrating 30 years of business.

Over the years, many changes and remodels have taken place. Here are some of the highlights.

1964 – Added 4 lanes... 12 Total

1988 – Automatic Scoring Installed

1993 – Purchased by Brian Alig & Tom Howell – Speedway Lanes

2004 – 9500 sq ft addition – included new kitchen, bathrooms, banquet area

2008 – Updated Automatic Scoring

2012 – Automatic Bumpers Installed

2014 – Brian and Steph Alig become sole owners

2019 – Patio Added

In 2020, during the Covid Shutdown, we did a major remodel. Updates included the ceiling (replacing the tile from 1957), installing LED lighting through the entire building, and adding tile flooring to the kitchen and storage areas.

We are the current home for the New Bremen and Marion Local High School and Jr. High bowling teams and the New Bremen/New Knoxville Rotary (which meets every Tuesday at 7:30 am). We also host many monthly meetings for several organizations. Speedway Lanes has always been involved in Community Events and School Activities.

Our bowling leagues run Sunday – Thursday nights, with open bowling on Fridays and Saturdays. The Kitchen is open every day starting at 10:00, except Sundays, when we open at 9:00 for our Sunday Buffet.

In July of 2023, we will be celebrating Speedway Lanes 30th Anniversary (hard to believe). We are grateful to all who support us and allow us to be part of your entertainment and food business.

## QUALITY OF LIFE

---

Do you want that small town feel with amenities of a larger community? Minster, New Bremen, and New Knoxville offer just that. For the outdoor enthusiasts, we are tucked between two former canal reservoirs—Grand Lake St. Marys (13,500 acres) and Lake Loramie (1,655 acres)—with opportunities for fishing, sailing, swimming, water skiing, and more. Both lakes are state parks and offer camping and other recreational events for the community.

We also offer families the opportunity for fitness at our Auglaize-Mercer South Branch Family YMCA. Since 1994 this 35,000 square foot facility offers many amenities for families to stay active and healthy with an indoor pool, gymnasium, fitness center, and running track.

In addition to wonderful facilities for active people, our schools offer competitive teams that are enjoyable to follow and watch. For the art enthusiasts, we have a variety of cultural and art events to keep you entertained. The arts programs feature several guest musicians, orchestras, artist, concerts and live theatre in the local parks and venues.

## EDUCATION

---

Education carries the voice of success. In our Golden Triangle—Minster, New Bremen, and New Knoxville—we command high standards that resonates through our commitment to the education of our children. Each district strives for excellence with their state of the art facilities equipped with the latest in technology to keep our children on the cutting edge of knowledge. In addition to modern facilities, we offer outstanding opportunities in the arts, music, and athletics.

Every year our students' test scores rank among the highest in Ohio. Our schools have 100% graduation rate and 97% attendance rates. These statistics represent the quality of our staff and students, and also our attention to education and its importance.

Given our devotion to education, our students are prepared for post high school education or the workforce. We offer an opportunity to further their education close by at Wright State University Lake Campus in Celina along Grand Lake St. Marys. The campus provides two and four year degrees as well several masters programs. Within a short distance, students can pursue education at Edison State Community College in Piqua or OSU-Lima branch in Lima, Ohio. Just over 50 miles are dozens of others institutions for higher education available to students and adults.

# MINSTER LOCAL SCHOOLS

Minster Local Schools is a K-12 public school district located in Minster, a West Central Ohio community. Ranked as one of the best school districts in the state of Ohio, Minster Local Schools has a tradition of excellence. We are very proud of our 100% graduation rate, our above average ACT scores, our Advanced Placement and College Credit Plus course options, as well as our Vocational Education Programs. Our graduates are prepared for college, the workforce or military placement. Our district's mission, "Challenging today's students to become tomorrow's leaders" is evident in our academic programs.

Minster Local Schools provides a well-rounded educational experience for our students. 97% of our student body participates in extracurricular activities. We offer over 30 academic/extracurricular clubs and interscholastic athletic programs designed to help our students grow and mature into tomorrow's leaders. The Minster Wildcats are proud to claim numerous state and national awards. The high school was named a National Blue Ribbon School in 2019 and the elementary school received the same honor in 2021. The Minster Wildcat athletes have earned numerous state championship trophies. Our student led Youth Leadership Association provides opportunities for our students to develop leadership and citizenship skills to produce prepared, motivated, and involved teens who take action to renew

family, school, organizational and community life.

Parent and community involvement enhances the educational experience at

Minster. Our students perform as well as they do because of the high value placed on education, starting at home, emphasized in the classroom and expected as they enter college or their career field. Minster Local Schools is committed to developing community partnerships in order to provide opportunities for our students to reach their full potential.

The campus of Minster Local Schools is comprised of two buildings: the Elementary School—grades K-6 and the Jr/Sr High School—grades 7–12. We serve approx. 870 students and employ approx. 100 staff members ranging from teachers, administrators, clerical, custodial, bus drivers, coaches, advisors, aides, and cooks. Our outstanding school staff works together to create a safe and respectful environment where our students are "Challenged to become tomorrow's leaders." To learn more about Minster Local Schools, visit [www.minsterschools.org](http://www.minsterschools.org).

# NEW BREMEN SCHOOLS

New Bremen Local Schools is a public-school district consisting of nearly 800 students. Though small in size, the district offers modern facilities, a wide variety of educational programs and extra-curricular opportunities that focus on development of the whole-child. We are a school district and community that takes pride in excellence and togetherness because We Are Cardinals! At New Bremen, students are offered the opportunity to receive an education that will set them up for success regardless if their plans are to enter college, the workforce, or the military. Students can choose the courses that fit

their needs and interests by deciding to participate in Advanced Placement, College Credit Plus, Vocational Education, Agriculture, and our Fine Arts programs.

Innovation and creativity are at the forefront of our elective course offerings. Aided by the new Dianne Komminsk Center for Innovative Thinking, students are tasked with thinking outside the box by creating, designing, and constructing their own work. These hands-on opportunities allow for students to take ownership of their learning, showing that ideas really do become reality. Outside of the classroom, students can put their talents on display by participating in one or more of our many extracurricular activities. New Bremen is a member of the Midwest Athletic Conference, which is often regarded as the best conference in the state of Ohio. The Cardinals take a lot of pride in their athletic and musical contests that happen throughout the year. Many students are also involved in various clubs such as Spanish Club, Business Club, Science Club, and Junior District Leadership Team to name a few. Accomplishments do not come few nor far between at New Bremen. In the past five years, the volleyball team has been crowned state champions twice

(2017, 2019) and state runners-up twice (2018, 2020), the football team won its first state championship (2020), the FFA program has been named a Top-Ten Chapter in the state, the TechnoBirds participated at the state robotics competition (2019), and numerous members of the choir have earned state and national recognition.

The academic and athletic facilities available to New Bremen students and staff are something to be seen. The academic facilities include a 7-12 building built in 1999, a K-6 building built in 2020, and the Dianne Komminsk Center of Innovation built in 2020. The athletic facilities were erected as part of the high school construction project. Our athletes train in the Cardinal Booster Center which was constructed in 2009, with a renovation completed in 2020.

## NEW KNOXVILLE LOCAL SCHOOLS

As an integral part of a small community, New Knoxville Local Schools provides students with big opportunities. As a K-12 school district, New Knoxville has been rated on the State Report Card as Excellent with Distinction. The New Knoxville School District has many academic awards that include: The National Merit Scholar Program, an award winning yearbook, a graduation rate consistently at 100%, a top ranked MAC Conference Scholastic Team, high end of course high school passage rates and much more.

Academics at New Knoxville Schools allows students a private school atmosphere without the tuition rates. Students can complete Credit Flex courses, which allow for independent and online classes. The combination of different learning styles available allows New Knoxville students to create a path where success is a journey and not just a destination.

New Knoxville Schools also offer students the opportunity to grow as individuals in Fine Arts, Music, Technology as well as athletics and other Extra-Curricular activities.

# WRIGHT STATE UNIVERSITY

Wright State University's Lake Campus in Celina, Ohio, offers you opportunities you can't get elsewhere. Where else can you sit lakeside on a picnic table enjoying the view of Grand Lake St. Marys, head back to your class in one of our modern science labs, and watch the sunset from your apartment patio with your new lifelong friends?

As the regional campus of Wright State University, we offer a unique package starting with programs ranging from liberal studies to engineering. Here you will find small classes, affordable tuition, qualified professors, student housing, and a vibrant campus life.

Thanks to diligent community members who saw the need for higher education in west central Ohio, the Lake Campus first offered classes in 1962 and was known as Western Ohio

College. Wright State University – Lake Campus is now a thriving part of the community, aiming to give back to those who believe in the power of education.

The Lake Campus has been providing higher education to residents of western Ohio for over 50 years. Today, with 15 bachelor degree options, 18 associate degree paths, and an MBA program, along with Wright State's CORE (general education) classes, the Lake Campus offers flexible and affordable programs that propel students to their education and career.

Campus life at the Lake is just as vibrant as our students, and the college experience involves more than just an academic program. It's also about the activities, service-learning, and lifelong friendships. In fact, there is so much happening that students may have a hard time fitting it all in. The Lake Campus Housing Villas provide the residence life experience for 96 students.

Our exceptional faculty and staff are deeply engaged with student learning and eager to help students feel welcome. The outstanding community support of the Lake Campus and all its activities translates directly into a remarkable atmosphere where students enjoy all the benefits of a large state university while making lifelong connections in small classes.

For more information or to schedule a campus visit, please go to [lake.wright.edu](http://lake.wright.edu) or email [discoverlakecampus@wright.edu](mailto:discoverlakecampus@wright.edu)
